

GENERATIVE AI BASICS

**Introduction to AI tools that
generate text, images, and code.**

Presentation By
Athira A

LEARNING OBJECTIVE

Define Generative AI

Identify examples of
generative AI tools

Understand basic
prompting concepts

Recognize
responsible AI
practices

LESSON 1

WHAT IS AI?

Artificial Intelligence (AI) means when computers are trained to learn, think, and make decisions like humans.

Every day Examples

- Voice assistants
- Recommendation systems
- Chatbots

AI IN EVERYDAY LIFE

- 📱 Face unlock on smartphones
- 🎬 YouTube / Netflix recommendations
- 🗺️ Google Maps finding the fastest route
- 🗣️ Voice assistants like Alexa or Siri

LESSON 2

WHAT IS GENERATIVE AI

Generative AI is a type of artificial intelligence that can create new content, such as:

- Text
- Images
- Music
- Code

EXAMPLES OF GENERATIVE AI TOOLS

**CHATGPT –
GENERATES ANSWERS,
STORIES, EMAILS, AND
EXPLANATIONS.**

**DALL·E – CREATES
IMAGES FROM TEXT
DESCRIPTIONS.**

**GITHUB COPILOT –
HELPS PROGRAMMERS
GENERATE CODE.**

**RUNWAY ML –
CREATES AND EDITS
VIDEOS USING AI.**

LESSON 3

PROMPT BASICS

A prompt is the instruction or question given to an AI model to generate a response.

OR

A prompt is what we ask the AI to get the answer we want.

GOOD VS BAD PROMPT

Bad prompt

Example:

Explain AI?

Here, the prompt is too general and does not give clear instructions.

Good

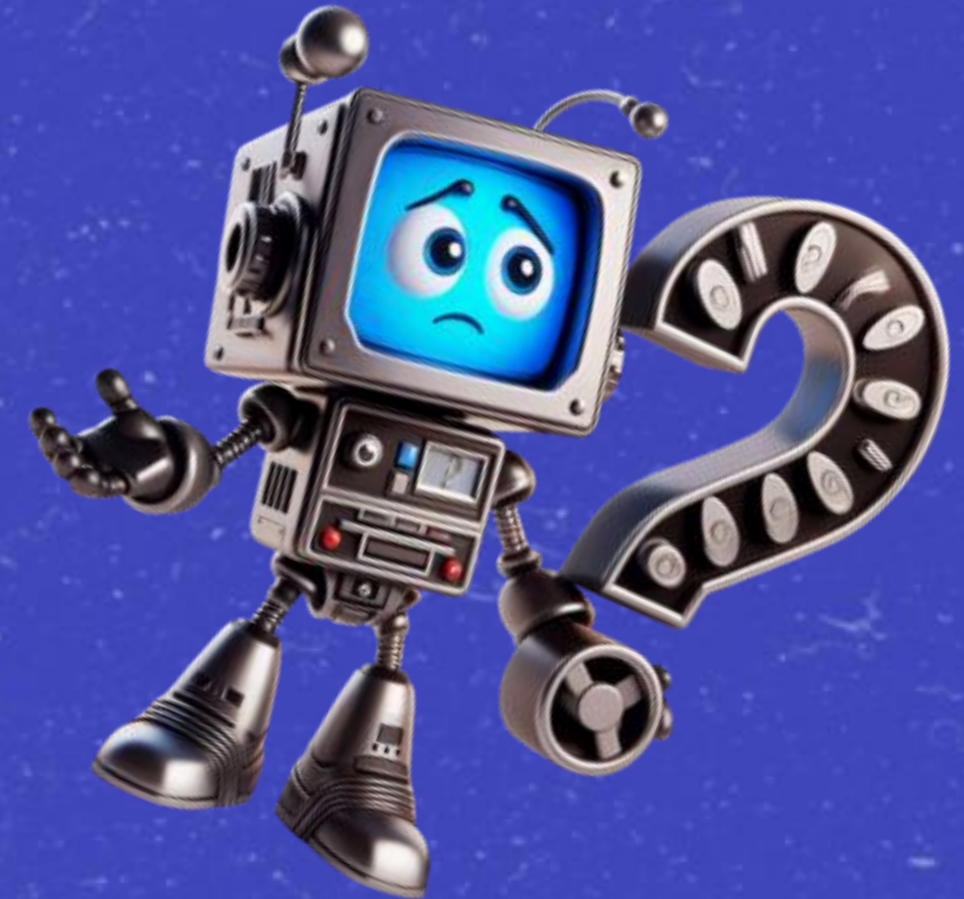

Example: **prompt**

Explain Artificial Intelligence to Grade 6 students using a real-life example.

This is a good prompt because it clearly tells the AI what to explain, who the audience is, and how the explanation should be given.

LESSON 4

RESPONSIBLE AI

LIMITATIONS OF AI

AI systems may sometimes:

- Generate incorrect information
- Show bias
- Produce incomplete answers

RESPONSIBLE USE OF AI

BEST PRACTICES:

- Verify AI outputs
- Avoid sharing sensitive information
- Use AI as a support tool
- Encourage critical thinking

LEARNING ACTIVITY

- Write a prompt to generate a science quiz for Grade 5 students.
- Write a prompt to get a healthy meal plan for grade 10 student

An illustration on a dark blue background. On the left, a person with dark skin and hair in a bun, wearing a yellow shirt, sits at a white desk with a laptop, holding a phone to their ear. Surrounding them are various icons: two purple question marks, a white cloud with a blue outline, a magnifying glass with a blue lens and yellow handle, a yellow lightbulb, and a large yellow pencil with a pink eraser. The text 'KEY TAKEAWAYS' is written in large white letters on the right.

KEY TAKEAWAYS

Generative AI can help with:

- Content creation
- Learning support
- Idea generation

THANK
YOU
