

ATHIRA A

Curriculum Designer | Instructional Designer | Google Certified Educator Level 1 | 5+ Years in Global EdTech

+91 9497327319 | athiraajith91@gmail.com | Bangalore, India
LinkedIn: linkedin.com/in/athira-a-4aba615a | GitHub: github.com/Athiraajith91

PROFILE SUMMARY

Curriculum Designer and Instructional Designer with 5+ years of global coding education experience across 10+ countries. Google Certified Educator Level 1. Hands-on expertise in ADDIE, Rise 360, Articulate Storyline 360, SCORM, and Microlearning Design — demonstrated through a self-directed GitHub portfolio of eLearning artifacts. Passionate about designing learner-centred, outcome-driven educational experiences that reflect how real learners think, struggle, and grow.

CERTIFICATIONS

Google Certified Educator Level 1 — Google for Education | May 2026
Credential ID: 883019cc-4684-4c8c-b886-3016eb450d7f

Google AI Essentials Specialization — Google | Feb 2026
Credential ID: WNU24ADLRQ82

Introduction to Generative AI — Google Cloud | Feb 2026
Credential ID: WOSTW8DQ4J61

Prompt Engineering for ChatGPT — DeepLearning.AI, Coursera | 2025
Credential ID: DBD9BKRFKPD1

CORE COMPETENCIES

Instructional Design • Curriculum Development • ADDIE Model • Bloom's Taxonomy • Learning Objectives Design • Storyboarding • Microlearning Design • Assessment Design • eLearning Development • Rise 360 • Articulate Storyline 360 • SCORM • Google Workspace for Education • AI in Education • Prompt Engineering • Generative AI Content Development • Needs Analysis • Learner-Centred Design • Project-Based Learning • LMS Administration • Google Classroom • Moodle • Canva • GitHub

PROFESSIONAL EXPERIENCE

International Coding Instructor | Cuemath

Dec 2024 – Jan 2026 | Part-Time

- Designed and facilitated structured learning experiences for international learners aged 6–16 across multiple time zones
- Developed learner-centred curriculum activities and guided projects tailored to individual ability and learning pace
- Maintained 95%+ positive student feedback through consistent quality delivery and responsive instructional adjustments
- Tracked learner progress across sessions and provided detailed performance feedback to parents and guardians

Content Developer | Aptcoder

Feb 2024 – Oct 2024 | Part-Time

- Designed and developed structured eLearning content including practice modules, assessments, concept guides, and quizzes aligned to curriculum objectives

- Created AI-assisted educational content as part of a structured instructional content development workflow
- Collaborated cross-functionally with the curriculum team on content review, iterative refinement, and quality assurance
- Gained hands-on experience in educational content creation, instructional material development, and quality review processes

International Coding Instructor | Turito

Feb 2024 – Jun 2025 | Part-Time

- Delivered structured coding sessions focused on computational thinking and problem-solving for international learners
- Designed guided practice exercises to reinforce core coding and programming concepts progressively

International Web Development Instructor | Codeyoung

Jul 2022 – Feb 2024 | Part-Time

- Designed and delivered outcome-driven lesson plans for HTML, CSS, JavaScript, Bootstrap, and ReactJS to international learners
- Developed project-based learning activities resulting in a 30% improvement in student project completion rates
- Planned progressive lesson sequences, building from basic HTML structure to full JavaScript interactivity

Senior International Coding Instructor | Codingal

Feb 2022 – Dec 2022 | Part-Time

- Delivered Scratch and Code.org lessons to global learners maintaining consistent instructional quality and engagement
- Authored structured lesson guides and student assessment checkpoints to track and document learning progress

Subject Matter Expert — Computer Science | Chegg

Freelance

- Provided expert-level answers to programming questions with high accuracy and clearly structured explanations

SELF-DIRECTED PORTFOLIO PROJECTS

All artifacts available at: github.com/Athiraajith91

- Python Curriculum Unit — Full ADDIE-based curriculum unit with learning objectives, lesson flow, assessments, and rubrics for Grades 6–10
- Rise 360 Course — Responsible AI in Education — 20-minute SCORM-ready eLearning module covering AI ethics and responsible classroom use
- SCORM Module — Loops in Coding for Beginners — Storyline 360 interactive module with branching scenarios and knowledge checks
- Generative AI Repackaging Project — Transformed traditional lesson content into microlearning modules, scenarios, and quizzes using AI-assisted workflows
- Microlearning Modules — AI and Web Development series with clear single-outcome learning goals per module
- Storyboards — AI Concepts and Basic Coding Loops — professional ID storyboards with screen layouts, narration scripts, and interaction specifications
- Web Development Lesson Plans — 5 structured lesson plans for HTML, CSS, and JavaScript with activities, assessments, and teacher notes
- Teacher Slide Decks — Python Day 1 and Prompt Engineering for Educators with full facilitation guides

EDUCATION

B.Tech — Computer Science and Engineering | Mangalam College of Engineering

2009 – 2013

Percentage: 75%

Self-Directed Learning — Instructional Design & AI in Education

2024 – Present | Independently studied and applied:

- ADDIE Model, Bloom's Taxonomy, Articulate Storyline 360, Rise 360, SCORM, Microlearning Design, Storyboarding, Prompt Engineering, AI in Education

CAREER TRANSITION NOTE

Actively transitioning from 5+ years of international coding instruction into Curriculum Development and Instructional Design. A self-directed GitHub portfolio demonstrates real capability with ID tools and frameworks. I bring what most ID candidates lack — a deep practical understanding of how real learners think, struggle, and grow, built through thousands of live teaching hours with international students across 10+ countries.
